well-being

THANKYOU!

Cancer Services strives to “Enhance health, life and survivorship in the lives of cancer patients and their families in our community”, and has done so for over 60 years. As a community, we are all survivors and each of us represents a unique story of courage, strength, and inspiration that defines our agency. Thank you for being a part of our community of caring, working to insure excellence each day in our mission to help cancer patients, their families and our community. Thank you for your help and dedication to making a difference!

WHAT WE DO

Cancer Services is a community organization that helps people who have cancer and educates the community on wellness and risk-reduction. Our vision is: 1) For all individuals facing cancer to have full access to health care treatment and the emotional, physical, and financial support services that can improve quality of life as a cancer survivor; and 2) For all community members to have access to wellness information, screenings, and preventive education that will help them live a healthy lifestyle, reducing risk of cancer, increasing likelihood of early diagnosis of cancer, and impacting overall health. All of our services, from financial assistance to medical supplies, special programs, advocacy and more are offered at no charge to people in our community. We’ve been helping people with any type of cancer for over 60 years.

Cancer Services is a proud partner agency of:
